Battery Type and Quantity         2 AA alkaline battery (included)           Battery Life         Up to 10 months           Product Feature Performance         Mouse Button Features         6 buttons including scroll wheel button and side button           Right & Left Button Life         300,000 actuations at no more than 4 actuations per second         State				
Battery Life         Up to 10 months           Product Feature Performance         Mouse Button Features         6 buttons including scroll wheel button and side button           Right & Left Button Life         3,000,000 actuations at no more than 4 actuations per second         Side Button Life         100,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second         Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         • 100,000 revolutions (towards user)         • 300,000 revolutions (towards user)           Storage Temperature & Humidity         -400 °F (-40 °C) tot 4 °F (40 °C) at <5% to 65% relative humidity (non-condensing)		2 AA alkaline battery (included)		
Product Feature Performance         6           Mouse Button Features         6 buttons including scroll wheel button and side button           Right & Left Button Life         3,000,000 actuations at no more than 4 actuations per second           Side Button Life         100,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Wheel Vertical Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at <5% to 65% relative humidity (non-condensing)				
Mouse Button Features         6 buttons including scroll wheel button and side button           Right & Left Button Life         3,000,000 actuations at no more than 4 actuations per second           Side Button Life         100,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         100,000 revolutions (awards user)           Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         30° °C (°C) to 140° °F (40° °C) at <5% to 85% relative humidity (non-condensing)				
Right & Left Button Life         3,000,000 actuations at no more than 4 actuations per second           Side Button Life         100,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         •100,000 revolutions (away from user)           •300,000 revolutions (towards user)         •300,000 revolutions (towards user)           Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at <5% to 80% relative humidity (non-condensing)		6 buttons including scrall whool button and side button		
Side Button Life         100,000 actuations at no more than 4 actuations per second           Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         100,000 revolutions (away from user)           • 300,000 revolutions (towards user)         • 300,000 revolutions (towards user)           Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at < 5% to 80% relative humidity (non-condensing)				
Wheel Button Life         350,000 actuations at no more than 4 actuations per second           Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         • 100,000 revolutions (towards user)           * 300,000 revolutions (towards user)         • 300,000 revolutions (towards user)           Windows Touch Tab         Feat access to Start screen and apps           Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at <5% to 65% relative humidity (non-condensing)				
Mouse Scrolling Features         Tilt wheel enables vertical and horizontal scrolling           Wheel Vertical Scrolling Life         • 100,000 revolutions (away from user)           · 300,000 revolutions (away from user)         · 300,000 revolutions (away from user)           · 300,000 revolutions (away from user)         · 300,000 revolutions (away from user)           · Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at < 5% to 65% relative humidity (non-condensing)				
Wheel Vertical Scrolling Life         100,000 revolutions (away from user)           Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at < 5% to 65% relative humidity (non-condensing)				
• 300,000 revolutions (towards user)         Windows Touch Tab       Fast access to Start screen and apps         Storage Temperature & Humidity       -40 °F (40 °C) to 140 °F (60 °C) at < 5% to 65% relative humidity (non-condensing)				
Windows Touch Tab         Fast access to Start screen and apps           Storage Temperature & Humidity         -40 °C ( to 140 °F (60 °C) at < 5% to 65% relative humidity (non-condensing)	Wheel Vertical Scrolling Life			
Storage Temperature & Humidity         -40 °F (-40 °C) to 140 °F (60 °C) at < 5% to 65% relative humidity (non-condensing)           Operating Temperature & Humidity         32 °F (0 °C) to 104 °F (40 °C) at <5% to 80% relative humidity (non-condensing)				
Operating Temperature & Humidity         32 °F (0 °C) to 104 °F (40 °C) at <5% to 80% relative humidity (non-condensing)           Certification Information         People's Republic of China (PRC)           ISO 9001 Qualified Manufacturer         Yes           ISO 14001 Qualified Manufacturer         Yes           Restriction on Hazardous Substances         This device complies with all applicable worldwide regulations and restrictions including, but not limited to: EU directive 2002/95/EC on the Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment and EU Registration Evaluation and Authorization of Chemicals (REACH) regulation regarding Substances of Very High Concern.           FCC/IC ID         This Class B digital apparatus complies with Part 15 of the U.S. Federal Communications Commission (FCC) rules, Canadian ICES-003, and RSS-210 Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Tested to comply with FCC (U.S. Federal Communications Commission) Standards. For home or office use. The term "IC:" before the certification/registration number only signifies that the Industry Canada technical specifications were met. Model numbers: 1534, Sculpt Comfort Mouse. FCC IDs: 3048A-1534.           Regulacion para México         La operación de este equipo está sujeta a las siguientes dos condiciones: (1) es posible que este equipo o dispositivo no cause interferencia perjudicia	Windows Touch Tab
