

MSA Compliant 10 Gigabit Copper RJ45 SFP+ Transceiver Module - 10GBase-T - 30 m - TAA Compliant

Product ID: SFP10GBTST

This TAA compliant 10GBase-T SFP+ module delivers what you need most in your network connections: reliable performance. It's built to exacting MSA specifications and fully tested to ensure seamless compatibility. The RJ45 copper SFP+ transceiver module offers a cost-effective way to add, replace or upgrade the ports on your networking equipment, and it's backed by a lifetime warranty.

Delivers 10 Gigabit Ethernet connections

With data transfer rates of up to 10Gbps, this SFP+ module can be installed into networking equipment with an MSA compliant port and RJ45 copper interface. It delivers dependable 10 Gigabit connectivity over copper cable, for 10GBase-T compliant networks, with a maximum distance of up to 30 m (98.4 ft.).

Built for reliable network performance

This SFP+ transceiver is engineered to meet or exceed the industry's MSA (Multi-Source Agreement) standards. StarTech.com brings its established reputation for high-quality connectivity solutions to SFP transceivers, providing SFPs that match major OEM brands in performance and reliability. Committed to the highest standards, StarTech.com provides an extensive range of networking products including copper and fiber network cards, fiber media converters, Ethernet switches and wireless products.

Convenient and scalable

Delivering both convenience and scalability, this transceiver module is fully hot-pluggable, which enables you to install it without interrupting network traffic or having to reboot your equipment. It provides a versatile solution that's compatible with a wide range of networking equipment, allowing you to expand your network to remote segments cost-effectively.

You can count on SFP10GBTST for reliable performance, backed by a lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Replace defective or damaged SFP+ modules in MSA compliant equipment
- Ideal for deployment in network devices with multiple SFP+ slots
- Expand your network to remote segments

Features

- Delivers reliable RJ45 10 Gigabit Ethernet connections for 10GBase-T compliant networks
- Meets or exceeds MSA (Multi-Source Agreement) industry standards
- TAA Compliant
- Backed by lifetime warranty and free lifetime technical support
- RJ45 copper interface
- Maximum distance up to 30 m / 98.4 ft.
- Maximum data rates up to 10Gbps
- Hot-pluggable

	Warranty	Lifetime
Hardware	Industry Standards	IEEE 802.3an 10GBASE-T
Performance	Compatible Networks	10 Gbps
	DDM	No
	Fiber Operating Mode	Full-Duplex
	Max Transfer Distance	30 m (98.4 ft)
	Maximum Data Transfer Rate	10 Gbps
Connector(s)	Local Unit Connectors	1 - RJ-45 Female
Environmental	Humidity	5~95% RH
	Operating Temperature	0°C to 70°C (32°F to 158°F)
	Storage Temperature	-40°C to 85°C (-40°F to 185°F)
Physical Characteristics	Color	Silver
	Enclosure Type	Nickel-plated Zinc
	Product Height	0.5 in [12.6 mm]
	Product Length	2.8 in [70 mm]
	Product Weight	1 oz [28 g]
	Product Width	0.5 in [13.9 mm]
Packaging Information	Shipping (Package) Weight	2.1 oz [60 g]
What's in the Box	Included in Package	1 - SFP+ transceiver
